Heavy Equipment's

**And More...**

SATYS ELECTRIC is a global leader for custom cable assemblies, connectivity solutions, box build & control cabinets. Over 750 employees in 5 locations strive to build & deliver the best products for your market. To do this more efficiently, we have strategically located production facilities & logistic centers across the globe, including sites in the United States, France, Thailand & China. This allows us to adapt to specific market conditions, as well as bring local support by our proximity to our customers.

SATYS ELECTRIC strives to provide our customers with not only the best products, but also the best service and support. As your global partner specialized within high-mix/medium volume with over 20 years of experience and industry knowhow. We follow you from initial product development thought the complete lifecycle of your products. We offer innovative solutions in design, supply chain, services and raw materials sourcing to help our customers lead their markets while generating savings.

We work in high demanding industrial fields from aerospace to industrial machinery & medical applications.

**INNOVATION & QUALITY recognized by MAJOR INDUSTRY LEADERS**

Our teams excels at finding solutions for your most difficult connectivity applications, from standard cable & wire assemblies to custom co-developed harness solutions & high level assemblies.

Our expertise built over decades of market know how combine with our constant learning mentality allow us to serve some of the most demanding markets. From standard everyday issues to the one-of-a-kind applications that no one else will touch.

**CAPABILITIES & SERVICES**

- Automated strip crimping
- Advanced cable cutting
- In-house cable design
- Highly experienced soldering
- Potting
- Custom marking
- Printing, including hot stamping
- Wire prep/processing
- Cable/wire bundling
- Looming
- Labeling
- In-house plastic molding connectors
- Custom design
- Component resourcing
- Kan-Ban
- PPAP
- Kitting
- Dedicated Teams
- IPC class 2 & 3

**Willingness to take on tough and unique challenges**
